

Community Engagement Strategy

The Town Council recognises that it is uniquely placed to represent the views of its constituents and provide community leadership. This strategy sets out how it engages with the local community to identify its needs and aspirations and how it can improve community engagement to give people a voice and involve them in decisions affecting their quality of life.

1. Loughton Town Council aims to:

- Represent and promote the interests of Loughton and its people of all ages in all its activities;

- Be open and accountable in all it does;
- Enhance quality of life by protecting and enhancing Loughton's ecological and environmental assets.

2. In order to achieve these aims, the Council will:

- Work closely with residents, local businesses and community groups;
- Engage with as many people as possible who want to participate in decision making, monitoring services and planning for the future (particularly those hard to reach groups);
- Ensure, that through the use of a wide range of approaches to public involvement and community engagement, we actively encourage the involvement of residents to capture their views and learn their concerns, and effectively use those views as an integral part of the decision-making process;
- Ensure that residents have opportunities to be heard at every stage, and the capacity to be effective citizens.
