

HILLYFIELDS CONSULTATION

To help prevent unauthorised vehicle movements on Hillyfields, the City of London and Loughton Town Council propose to create a shallow ditch and bund feature along the boundary of the site with Pyrles Lane and Rectory Lane similar to that shown below. Full pedestrian access will be retained. Gates are to be installed at the other entrances.

The construction works are planned for spring 2017.

If you would like to comment on this proposal email contact@loughton-tc.gov.uk or write to the Town Council at 1 Buckingham Court, Rectory Lane, Loughton, IG10 2QZ by **30 November 2016**.
