

PRESS RELEASE

**Free micro-chipping service for Dogs
Thursday 31 March 2016
11am – 4pm
Roding Valley Recreation Ground (next to the tennis courts)**

As from April 6, 2016, it will be compulsory under UK law for all dogs to be micro-chipped?

Time is running out, act now to avoid a £500 fine.

This will be the last chance to take advantage of the free micro-chipping service offered by the DogsTrust charity, which instead of charging dog owners for the service welcomes donations to the charity.

Come and join us for the free fun event for your dogs on Thursday 31 March 2016 from 11am – 4pm at the Roding Valley Recreation Ground, near the tennis courts.

The DogsTrust staff will provide the free micro-chipping service on the day, plus free neutering vouchers and free health check vouchers, which include vaccinations, flea and worm treatment will be available.

An agility course will also be set out, weather permitting, for you to have fun with your dog and come and have a selfie with Dogcilla!

Note to editor:

For immediate release.
