

**Roding Valley Recreation Ground
New Children's Playground
Public Consultation 11 – 16 July 2022
At Loughton Town Council, Loughton Library & Town Hall,
Traps Hill, Loughton, IG10 1HD**

Loughton Town Council is aiming to re-develop the play area in the Roding Valley Recreation Ground. We are looking to dismantle the existing play area and re-site and build a new play area for ages 4 – 14 years. The current playground needs replacing as it often floods and becomes inaccessible.

It is proposed that the new children's playground will be placed on higher ground between the tennis courts and "the mound" (in the space as shown below). We would like to invite you to participate in helping us choose the new play area equipment.

Your feedback is important and appreciated.
Please visit the Library (during library opening hours: Mon: 9am – 7pm; Tues, Weds, Thurs & Fri: 9am – 5.30pm; Sat: 9am – 5pm) on the dates listed above and provide us with your thoughts and ideas.

Thank you for your contribution
