

Loughton Wombles Newsletter January 2023 - No. 7

Loughton Wombles successfully carried out their seventh group litter pick on Saturday 3 December 2022. We had a large response to our request to litter pick on this date, so we split into three teams. Wombles met at the bus stop outside Lidl and Group 1 headed up Church Hill. Group 2 went litter picking in Harwater Drive and the third group walked across to Hillyfields where numerous bags of litter were collected.

Our next group meeting will be on Saturday 28 January 2023, at 10.30am, meeting point to be confirmed.

Please could you suggest any areas in need of our attention in Loughton, it would be good to target new locations in the town.

Once again may we thank you for your support, remember us Wombles are leaving our town better then we found it!!

Regards Debbie & Mark
