**38 Church Hill** – The erection of a storage building contrary to a planning permission granted on 14<sup>th</sup> October 1997 (Reference No. EPF/979/97) compliance period – 3 months.

**P6 Planning Applications**

The following applications for planning permission were considered and the plans inspected.

As a number of members of the public were interested in application EPF/750/00, the Committee agreed to consider this application first.

<b>EPF/750/00</b>	<b>35 &amp; 39 Church Hill</b> Robert Mulholland & Company	Outline application for demolition of 35 Church Hill and garage at No. 39; replacement with building for 8 flats with underground parking and single garage for No. 39
-------------------	--	--

The Committee OBJECTED to this application on the following grounds:

1. The footprint was still significantly larger than adjoining properties and the existing property on the site.
2. Church Hill leads to the main shopping area of Loughton. Residents of this new development and their visitors would have to use Church Hill to enter and exit the underground car park and the Committee felt that this would be dangerous on an already extremely busy road. In addition, the Committee felt that the provision of amenity space in the plans is inadequate.
3. Church Hill is part of The Uplands Park estate of individually designed houses. This development would destroy the unity and overall appearance of the area.
4. Church Hill has a history of subsidence. The Committee was concerned that the excavation work needed for the underground car parking area in particular would undermine the foundations and drainage pipes of surrounding properties and damage the roots of the protected trees on the site.

The Committee nominated Cllr Lee to address the District Council Planning Committee meeting on this important application, and REQUESTED the District Council to inform the Town Council when the application was on the agenda.

<b>EPF/596/00</b>	<b>42-44 Smarts Lane</b> Eden Developments Ltd	Change of use from commercial/industrial use to a single residential unit with alterations including front roof dormers

The Committee considered the application in full, having been informed that the building is intended for recreational use by students. It was AGREED that both Options A and B were UNACCEPTABLE, and the Committee's former comments on the listed wall remained unchanged. The Committee was at a loss to see why the new access appeared to serve the 'wrong' side of the proposed building, i.e. with the main entrance not facing the rest of the E15 site.

The Committee NOTED that this appeal had been dismissed.

Mr T Flowers  
The Committee had NO OBJECTION to this application.

A letter had been received from Essex County Council inviting the Committee's comments on the above request made by the owner of 14 Albion Park. The Committee OBJECTED to the granting of this request as it felt that the removal of highway rights from the said piece of land would be detrimental to the neighbouring property (No. 12 Albion Park) as the land also partly fronts this property. The Committee asked the Clerk to reply to Essex County Council's letter stating its objection.

<b>A/EPF/996/00</b>	<b>2 Goldings Hill</b> Motorgroup	Advert application for three number illuminated fascia signs and one freestanding sign
---------------------	--------------------------------------	--

It was noted that this was a retrospective application. The Committee disliked the wire mesh fence on the Harwater Drive side of the site and would prefer to see a closeboarded fence without the sign currently above it. The Committee was also concerned that the rear of the premises, which had been a storage area, seems to have now become part of the retail premises and hoped that permission had been granted for a change of use. The Committee had NO OBJECTION to the signs or flag pole on the Church Hill side of the site.

<b>EPF/1026/00</b>	<b>76 The Lindens</b> Mr & Mrs S Disdale	Rear conservatory
--------------------	---	-------------------

The Committee had NO OBJECTION to this application.

<b>EPF/1100/00</b>	<b>34 Shaftesbury</b> Mr & Mrs T Pollock	Outline application for two bedroom chalet bungalow
--------------------	---	---

The Committee OBJECTED to this application which is back land development and would be out of keeping with existing properties in the road. The Committee was also concerned about the effect the proposed development would have both on the water course in the area and the willow tree in the adjoining garden.

<b>EPF/1102/00</b>	<b>57 The Crescent</b> Mr M A Hagger	Erection of first floor side extension and extension of hip roof to gable including front and rear dormer windows
--------------------	---	---

The Committee had NO OBJECTION to this application.

**A/EPF/1116/00**      **Sainsbury's, Torrington Drive**      Illuminated and non illuminated advertisement signage  
Sainsbury's Supermarkets Limited

The Committee had NO OBJECTION to the signage proposed for the front of the building but was concerned about the much larger size of the illuminated sign proposed for the rear. The Committee would prefer to see a smaller sign or one that is non-illuminated as there are houses opposite the rear of the shop in Rectory Lane.

**EPF/1118/00**      **12 Broadstrood**      Rear conservatory

There is some confusion as to the location of this address on the map supplied as it appeared that the wrong property had been outlined. There is OBJECTION to this application due to the excessive height of the proposed mast when in use. However, if the mast is to be used after dark only, and is always taken down when not in use, then there is no objection to the application.

The renovation of the service area is welcomed but the application regarding the refurbishment of retail units causes some concern as the application appears to represent the loss of many retail units with no indication as to the intended use of the refurbished unit(s). Therefore there is OBJECTION to the application and further information would be welcomed.

The clerk told the Committee that clarification of the plans had been received from the District Council. The Committee RECONSIDERED the application in the light of this information and OBJECTED to the proposed advertising beacon which it felt would be out of keeping with the area in which it would be situated. The Committee would prefer to see a traditional public house sign at the site.

**P87 Planning Applications**

The following applications for planning permission were considered and the plans inspected.

Mr & Mrs Davis

Cllr Sagers declared a non-pecuniary interest in this application and took no part in the discussion or decision thereon. **P92.2 Public Entertainment Licence – The Mother Hubbard, Valley Hill**

The District Council had telephoned to say that it was intending to grant a licence for Friday and Saturday evenings but the Licencee had asked for a further "floating" evening. However the District was unhappy with this and had offered to grant a fixed licence for Thursday evenings in addition to Friday and Saturday evenings. The Committee would prefer the licence to be granted for Friday and Saturday evenings only, but if there was to be a third evening, it would prefer that to be fixed on Thursdays rather than "floating" as had been previously suggested.

**P93 Tree Preservation Order – EPF/19/00 Meads, 77 Church Hill**

The Committee NOTED that a Tree Preservation Order had been made to protect trees at the above site.

**P94 Planning Applications**

Metloc Printers

The Committee NOTED that this was yet another retrospective application and was very concerned about the amount of retrospective applications received from businesses. Mr & Mrs Hart

The Committee had NO OBJECTION to this application.

**EPF/1958/00**      **89 High Road**      Detached two storey house  
Mr & Mrs S Wood

The Committee would like to reiterate the OBJECTIONS made when a similar application was submitted for this site in January 2000 as follows:

"The Committee OBJECTED to this application as it was unhappy with the use of land for a turning area for cars which would involve building up the ground. In addition, the Committee doubted whether a useful size house could be contained within the size of the plot."

The Committee also felt that the development would cause a cramped appearance and thus represent overdevelopment of the site. The Committee would also regret the loss of parking for the existing house which is on the High Road and very close to a bus stop as it felt that this could result in parking on the road which would obviously be undesirable.
